

Montreal June 4/69

Dear Andrew,

Bryson called
and I engaged him @ \$5.00 (five)
Dollars per day as I could not get
him any less he says the bills had
better be sent round by some person
that will see they are put up properly
and to speak to the parties where
they are left to see that they are
not torn down before the sale.
So I think you had better send
Jabez home with them and give
him instructions how to act about
them. I sent word to Jabez about
the stone. Bryson goes up tomorrow
by boat to Beauharnois so that
per haps you might see him when
the boat calls at Chateauguay

At any rate, he says to sign the
bills D. & J. Bryson and distribute
them when you please
the sooner the better.

Truly yours,
John DeWitt Sr.

Dear Andrew

Dysson called and I engaged him @ \$500 fine, Dollars per day as I could not get him any less. He says the bills had better be sent round by some person that will see they are put up properly and to speak to the parties where they are left to see that they are not torn down before the sale.

So I think you had better send Labez round with them and give him instructions how to act about them. I sent word to Labez about the Stone. Dysson goes up tomorrow by boat to Beauharnois so that perhaps you might see him when the boat calls at Chateaugay.

At my rate he says to sign the
Bills D. & J. P. Brown and distribute
them when you please
the sooner the better.

Truly Yours
